Monday 30<sup>th</sup> September 2019

Dear Parents,

Unfortunately, it is necessary for me to again communicate with our school community on the issue of parking within the village. It has become apparent that some parents and family members are still parking in an inconsiderate or unsafe manner, causing inconvenience to others.

It is imperative that residents are able to exit or access their driveways at all times of the day and, as stated in the Highway Code, parking in front of an entrance is not permitted (Rule 243). There may be times when residents need to leave in an emergency and so all entrances must not be blocked in any way.

It is also essential that our children are safe when exiting school and so I would like to remind parents to ensure that the speed limit is adhered to. As the road outside of school can become very busy and congested, please can all adults ensure that the children are crossing the road safely. The children have recently had Road Safety Workshops in school and so we are keen to continue the messages that they have received in the sessions.

It may also be worth reminding parents that we do recommend a one-way system through the village and that we do request that the bus bay is kept clear at all times unless it is being used to 'drop and go'.

I am very grateful that the vast majority of our school community park with care and consideration to others and I would like to extend my thanks to those who do so. I am sure that you can understand that the issue of parking is one that causes much frustration and concern at times and so we would appreciate everyone's support in ensuring we keep our children and community safe.

Yours sincerely,

Mrs A. Harvey  
Headteacher
