Wednesday 22nd September 2021

Dear Parents & Carers,

PARENT SURVEY 2021

Now that we are a few weeks in to term, it seems the perfect time to reach out to you as parents to offer the opportunity to communicate your feedback, comments and ideas. The last 18 months have included periods of upheaval but has also given the school the chance to reflect and consider the ways we have worked as a setting. We have always considered ourselves to be a reflective team of staff and are keen to gain an overview of parent views and to enable parents to feedback any observations they may have.

Included below is a link to a Google Form which allows you to answer some questions about the school. There is also a section at the end for you to add any comments or observations you have which we would really welcome. There is, of course, guidance that we are bound by but we are always happy to hear suggestions that parents may have.

The survey will be open until Monday 4th October 2021 and we would really value your feedback. Please also do remember that you are welcome to get in touch at any time if you do have queries about anything that arises as the year unfolds.

Please click the link below to be taken to the survey:
